AJAX

Pro-grade wireless security system for ultimate protection

| Intrusion protection | Fire prevention | Flood detection | Automation scenarios | CCTV Integration |

Professional security equipment to grow your business

Up to 2,000 meters of operation range

Enough coverage area for residential and office premises

Protection of massive properties

ReX range extenders boost the coverage area to up to 35 km^2

Effortless maintenance

Devices are configured remotely and can operate up to 7 years on the pre-installed batteries

Seamless setup with SmartBracket

No need to disassemble devices before mounting

Connection to CMS

Ajax can be connected to the CMS using SIA or Contact ID (directly or/and via Ajax Cloud)

PRO Software

Powerful tools for administration and monitoring of thousands of Ajax systems

Ajax helps in scaling the security business in over 90 countries all over the world

87.5%

of Ajax owners would recommend the system to their friends and families

67%

of users purchase additional Ajax devices within first 6 months

70%

of customer queries are resolved using remote system configuration without dispatching of an engineer

Trusted by professionals

Ajax proprietary hardware and software technologies use the expertise of security professionals from all over the world to meet the strictest industry standards. Ajax equipment earned the highest reliability grade available to the wireless security systems after testing in five independent laboratories. Moreover, intuitive apps help engineers to remotely configure, administer, and monitor thousands of Ajax security systems at once.

2 GRADE EN 50131	EN 50131 Grade II Security certification	
CE EN 14604	EN 14604 Fire safety certification	
CE	CE Certification	

Loved by end users

Ajax security system combines the reliability of professional security equipment with the user experience of smart home gadgets. People understand how Ajax works in minutes, which enhances the sales process. Over 450,000 users protect their properties with Ajax in more than 90 countries around the world. The latest customer satisfaction survey shows that 9 out of 10 Ajax owners would recommend the system to their friends and families.
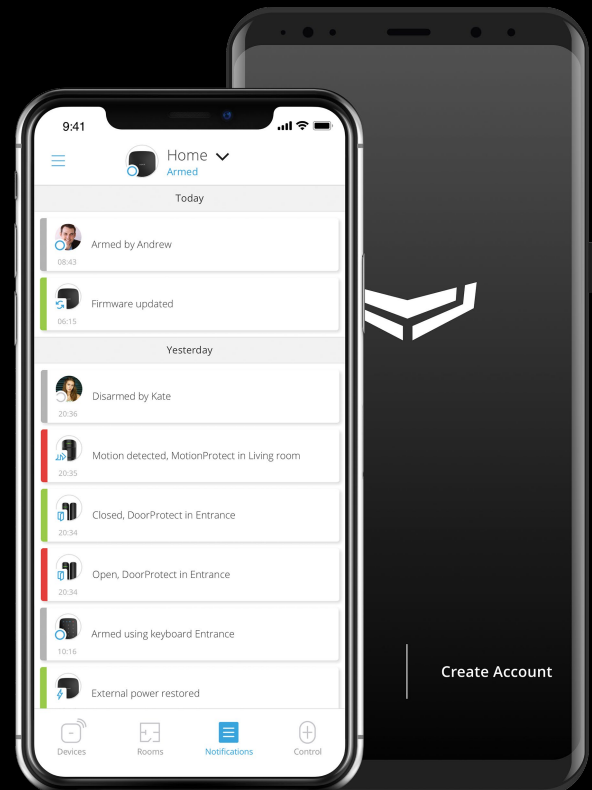

★ Trustpilot

★★★★½

Intuitive free apps

Alarms delivered via push-notifications, SMS, and calls

Free OS Malevich updates increase the system's functionality regularly
